

ARGOSMOB TECH & AI PVT. LTD.

SCOPE OF WORK / PROPOSAL

Film Industry Audition & Talent Hiring App

PREPARED FOR	Harrsh Pandey
PREPARED BY	Team Argos Mob
DATE	07 May 2026
VERSION	1.0

Why Choose Argos Mob Tech & AI Pvt. Ltd.

Industry Expertise

Years of experience delivering mobile apps, web platforms, and AI-driven solutions across diverse industries.

End-to-End Delivery

From ideation and design to development, QA, and deployment — we own the full product lifecycle.

Scalable Architecture

We build with growth in mind. Our systems are designed to scale seamlessly as your user base expands.

Business-Oriented Approach

We think like product owners, not just developers — every decision is driven by business impact.

Transparent Process

Regular updates, clear milestones, and open communication at every stage of the project.

Post-Launch Support

We stay engaged after go-live with dedicated AMC, SLA-backed support, and continuous improvements.

Premium UI/UX Design

User-first interfaces crafted to drive engagement, retention, and satisfaction.

Client-Centric Culture

Your success is our success. We align our goals with yours from day one to delivery and beyond.

Our Commitment

At ArgosMob Tech & AI Pvt. Ltd., we are committed to transforming your ideas into secure, scalable, and high-performing digital platforms. We combine technical excellence with a deep understanding of your business goals to deliver solutions that create real value. When you partner with us, you gain more than a development team — you gain a long-term technology partner dedicated to your growth.

Introduction

A mobile application designed for the film, media, entertainment, and creator industry where artists can create professional portfolios and apply for auditions, while production houses, casting agencies, and individual casting directors can discover talent, post auditions, and manage hiring processes securely.

The Platform Focuses On

- Artist discovery
- Live audition management
- Secure hiring
- Scam prevention through company verification
- Category-based artist onboarding
- Real-time communication between casting teams and artists

The Application Will Initially Be Launched As

- Android App
- iOS App

Key Modules & Features

User Types

• Actors • Singers • Models • Dancers • Voice Artists • Musicians • Influencers • Anchors • Writers • Directors • Editors • Cinematographers • Makeup Artists • Stylists • Technicians • Background Artists	• Production Houses • Casting Agencies • Individual Casting Directors • Talent Managers • Event Organizers • Ad Agencies • OTT Production Teams

Artist App Features

Artist Registration & Login

- Mobile Number Registration
- Email Registration
- OTP Verification
- Social Login
- Forgot Password
- Secure Authentication
- Category-Based Artist Forms

Actor Registration Form

- Full Name
- Age
- Gender
- Height
- Weight
- Body Type
- Skin Tone
- Hair Color
- Eye Color
- Languages Known
- Acting Experience
- Portfolio Upload
- Introduction Video Upload
- Monologue Upload
- Social Media Links
- Current City
- Travel Availability

Singer Registration Form

- Singing Genre
- Vocal Range
- Languages Known
- Audio Upload
- Performance Video Upload
- Instruments Known
- Singing Experience

Model Registration Form

- Height
- Weight
- Measurements
- Shoe Size
- Portfolio Photos
- Ramp Experience
- Brand Collaboration History

Dancer Registration Form

- Dance Styles
- Training Details
- Performance Videos
- Competition History
- Certifications

Technician Registration Forms

Categories:

- Video Editor
- Cinematographer
- Makeup Artist
- Fashion Stylist
- Script Writer
- Director
- Assistant Director
- Photographer
- VFX Artist
- Sound Engineer

Features:

- Skill-Based Form Fields
- Experience Details
- Resume Upload
- Equipment Information
- Work Portfolio Upload

Artist Profile Features

Digital Portfolio:

- Professional Profile Creation
- Photo Gallery
- Video Portfolio
- Resume Upload
- Skills & Experience Timeline

- Category Tags
- Public Shareable Profile Link

Artist Verification:

- Mobile Verification
- Email Verification
- Optional ID Verification
- Verified Artist Badge

Live Audition Features

Audition Discovery

- Nearby Live Auditions

Search Auditions by:

- City
- Category
- Language
- Production House
- Role Type
- Trending Auditions
- Upcoming Audition Calendar
- Walk-In Audition Listings

Audition Details

- Venue Address
- Google Maps Navigation
- Audition Date & Time
- Role Description
- Character Requirements
- Age & Gender Criteria

- Fraud Monitoring
- Reports & Analytics
- Payment Monitoring
- Content Management

Analytics Features

Platform Analytics

- Total Artists Registered
- Active Auditions
- Application Statistics
- Most Searched Categories
- User Engagement Reports
- Revenue Reports

Security Features

App Security

- Encrypted User Data
- Secure Authentication
- OTP-Based Verification
- Role-Based Access Control
- Activity Logs
- Spam Protection

Screen List

The following screens will be designed and developed as part of the application. Screens are grouped by user role and module for clarity.

1. Onboarding & Authentication (Common)

#	Screen Name	Description
1	Splash Screen	App launch screen with ArgosMob branding and animated logo.
2	Onboarding / Welcome Screens	3-step walkthrough slides highlighting key platform benefits for artists and hiring users.
3	Role Selection Screen	User selects their role: Artist or Hiring (Production House / Casting Agency / Director).
4	Registration Screen – Mobile/Email	Input fields for mobile number or email with OTP trigger button.
5	OTP Verification Screen	6-digit OTP input with resend timer.
6	Social Login Screen	Google / Facebook login options with fallback to manual registration.
7	Login Screen	Email/mobile + password login with forgot password link.
8	Forgot Password Screen	Enter registered email/mobile to receive reset OTP.
9	Reset Password Screen	New password + confirm password input after OTP validation.

2. Artist App Screens

#	Screen Name	Description
1	Artist Category Selection	Select artist category: Actor, Singer, Model, Dancer, Voice Artist, Musician, Influencer, Anchor, Writer, Director, Editor, Cinematographer, Makeup Artist, Stylist, Technician, Background Artist.
2	Actor Registration Form	Dynamic form with fields: Full Name, Age, Gender, Height, Weight, Body Type, Skin Tone, Hair Color, Eye Color, Languages Known, Acting Experience, Portfolio Upload, Introduction Video Upload, Monologue Upload, Social Media Links, Current City, Travel Availability.
3	Singer Registration Form	Fields: Singing Genre, Vocal Range, Languages Known, Audio Upload, Performance Video Upload, Instruments Known, Singing Experience.
4	Model Registration Form	Fields: Height, Weight, Measurements, Shoe Size, Portfolio Photos, Ramp Experience, Brand Collaboration History.
5	Dancer Registration Form	Fields: Dance Styles, Training Details, Performance Videos, Competition History, Certifications.
6	Technician Registration Form	Skill-based form with sub-category selector (Video Editor, Cinematographer, Makeup Artist, etc.), Experience Details, Resume Upload, Equipment Information, Work Portfolio Upload.
7	Artist Home / Dashboard	Personalized feed showing nearby auditions, recommended auditions, trending listings, and profile completion status.
8	Artist Profile Screen	Public-facing profile with photo, intro video, skills, category tags, experience timeline, and shareable profile link.

#	Screen Name	Description
9	Edit Profile Screen	Edit personal details, upload/replace portfolio media, update social links and availability.
10	Photo Gallery Screen	Grid view of uploaded portfolio photos with add/delete options.
11	Video Portfolio Screen	List/grid of uploaded videos (intro, monologue, performance) with playback.
12	Resume Upload Screen	Upload or replace resume document; preview uploaded PDF.
13	Verification Screen (Artist)	Initiate optional ID verification; upload government ID; view verification badge status.
14	Audition Discovery Screen	Browse and search auditions with filters: City, Category, Language, Production House, Role Type. Toggle between list and map view.
15	Audition Search & Filter Screen	Advanced search with multi-select filters for category, city, language, gender criteria, date range.
16	Trending Auditions Screen	Curated list of most-viewed / most-applied auditions.
17	Upcoming Audition Calendar Screen	Calendar view of scheduled auditions the artist has applied to or saved.
18	Walk-In Audition Listings Screen	Dedicated list for walk-in auditions sorted by date and proximity.
19	Audition Detail Screen	Full details: Role description, Character requirements, Age/Gender criteria, Venue address, Google Maps navigation, Date & Time, Compensation, Required documents, Audition instructions, Apply button.
20	Apply for Audition Screen	Confirm application with portfolio selection; optionally attach a specific intro video or cover note.
21	My Applications Screen	List of all submitted applications with status badges: Pending, Shortlisted, Rejected, Interview Scheduled.
22	Application Detail Screen	View individual application details and any response/notification from the casting team.
23	Notifications Screen	All push notifications: audition alerts, status updates, interview calls, new audition matches.
24	Artist Settings Screen	Account settings: change password, notification preferences, privacy settings, logout.
25	Delete Account Screen	Confirm account deletion with reason selection.

3. Hiring User App Screens (Production House / Casting Agency / Director)

#	Screen Name	Description
1	Company Registration Screen	Register as Production House, Casting Agency, Individual Casting Director, Talent Manager, Event Organizer, or Ad Agency. Fields: Company Name, Type, Contact Details, Social Media Links.
2	Company Verification Screen	Upload mandatory documents: Aadhaar Card, PAN Card, Company Registration Document, optional GST. Selfie/Face verification capture. Submission for admin review.
